

Make your own table football

You will need

- ✓ Ping pong ball
- ✓ String
- ✓ Selection of paints
- ✓ Large cardboard box
- ✓ Small cardboard box
- ✓ 6 wooden dowel rods
- ✓ 12 clothes pegs
- ✓ 4 water bottle lids

Introduction

Find out how to make your own table football using cardboard and pegs!

Instructions

Step 1

Take your small cardboard box and cut it in half.

Step 2

Then cut the bigger sides to make your goals.

Step 3

Measure your goal against the side of your larger box and use a pencil to draw around it.

Step 4

Cut along your line to make the middle goal.

Step 5

Use sticky tape to attach your goal to your larger box.

Step 6

Join two drinking straws together and cut them to size to make your goal frame.

Step 7

Glue your water bottle top lids underneath each corner of the box and decorate your box how you like.

Step 8

To make the pitch you can paint it or use a piece of card

Step 9

Make six holes in each of the long sides of the box using a pencil & sticky tack

Step 10

Paint your wooden dowels in team colours and make sure they are longer than the width of your box.

Step 11

Wind string over double sided sticky tape on the rods to make a handle.

Step 12

Cut out the 24 footballers from the attached template. Colour in and stick to your pegs using double sided tape.

Step 13

Paint some craft beads, feed them onto an opened out paper clip and number them. Put more holes in the box to push the paperclip through.

Step 14

That's it, well done, now you can get playing! Game on!
