

Making Memories With Bluey

PHOTO STRING

You will need:

Ribbon or thread, Scissors and Glue

1. Ask a grown-up to help you cut out all the frames from the template sheets provided.

2. Fold the template in half and carefully apply glue on three sides, leaving the top free to slide in the photos.

3. Punch holes on the top corners of each frame, following the template marks. Then string all the frames along the ribbon length.

Fill your photo string with your favourite photos and hang on the wall.

BLUEY PHOTO STRING

Ask a grown-up to help you cut around the dotted lines.
