

# BLUEY

## BINGO EASTER BASKET

### You will need:

- Medium box (eg tissue box)
- Dark orange coloured paper
- Scissors
- Glue

1. Carefully cut the lid and side flaps off the box.

2. Place Bingo's face on the front of the box, then fold the rest of the template around the box.

3. For a good finish, glue the excess of the template into the box.

4. Cut and glue the ears on the top of the box. Then glue the eyebrows in front of the ears.

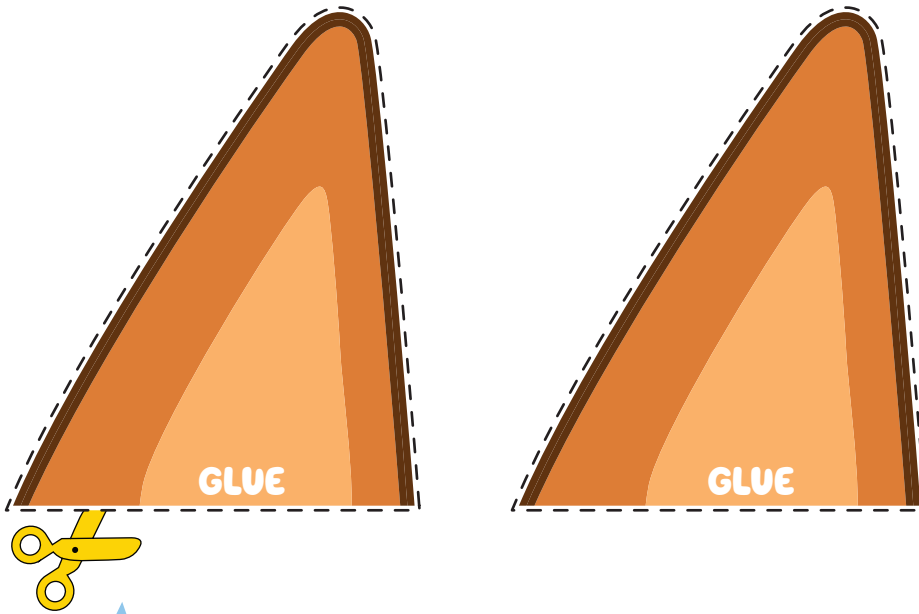

5. To finish, cut a dark orange paper strip and glue it into the sides of the box to create the basket handle.

Yeah! Your Easter basket is ready - let the egg hunt begin!
