

Make Your Own City

You will need

- ★ Black card or paper
- ★ Coloured stickers
- ★ Coloured tissue paper or paint
- ★ Coloured paper, foam or felt tip pens
- ★ Scissors (grown-up use only)
- ★ PVA glue or glue stick
- ★ Empty bottles, boxes or cartons of different shapes and sizes
- ★ Toy cars

Introduction

Make your own colourful city to play with.

Instructions

1

To make the buildings, either paint the empty bottles, boxes and cartons, or wrap them in tissue paper, securing the paper in place with sticky tape.

2

To make windows and doors for the buildings, ask a grown-up to cut small squares and rectangles from the coloured card or foam. Use glue to stick these onto your buildings. If you prefer you could draw windows and doors with a pen.

3

Make roads for your city by placing the coloured stickers in a straight line down the centre of the black paper or card.

4

Lay your road on a table or on the floor and place your buildings down the sides. Have fun driving your toy cars around your city.
