

Mister Maker

Royal crown

You will need

Card strips
Sticky tape
Fun fur
Stickers
Tissue paper
Glue

Remember to ask
a grown-up for help

1

Take a long strip of card that will fit around your head. Then glue fun fur along the bottom of it.

2

Bend the two ends into a circle and tape them together to make the base of a crown.

3

Take a thinner strip of card and tape it inside the crown's base at both ends to make an arch shape.

4

Take another strip that's the same size and shape and fold it in half. Open it out and tape the ends inside the crown. Then secure the fold to the top of the crown with sticky tape.

5

Next, take some tissue paper and scrunch it up. Open it out and tape it inside the crown.

6

Decorate your crown with stickers!
