

Nina and the Neurons

Loud and Clear

You will need

A paper cup
Corrugated cardboard
Glue
Sticky tape
Modelling clay
Lolly sticks
Scissors (grown-up use only)
Pen
Pencil

Remember to ask a grown-up for help

1

Put the paper cup on top of the card and draw around the bottom of it. Repeat to create two circles.

2

Cut around the two circles. Ask an adult for help with using the scissors.

3

Stick one of the discs to the bottom of the cup.

4

Carefully poke a hole in the lower side of the cup, about 5cms from the bottom, using the pencil. You might want to ask an adult to help you.

5

Take the stick and ease it through the hole. Attach a lolly stick to the middle of the flat side of the second disc using the sticky tape.

6

Take the modelling clay and attach two big bits of it to your table, stand the lolly stick and disc in one. Now take your cup and lolly stick speaker and stand it in the modelling clay.
