1

2

Stick square cut outs of pieces of felt, wrapping paper, sponge and card to the sides, to create Stuffy's body.

3

Glue some fun fur to the top of the lid. This will be Stuffy's hair.

4

Glue an envelope to the back of the box, to make a small pocket to store little things.

5

Next glue on two googly eyes and add the short piece of pipe cleaner underneath, to make Stuffy's face. Now you can store all your stuff in your Stuffy Stuff Box.
