Place the salad leaves around the edge of the tray and place the tortilla on top.

3

Take the green pepper slices and arrange them in the shape of a palm tree.

5

Arrange the olive slices to make a path to the gold.

7

You can eat the pirate wrap if you'd like to! Simply wrap it up in a roll and add some guacamole to taste.

Remember to ask a grown-up for help

2

Next, put the grated cheese in the middle of the tortilla. This will be the sand for the treasure island!

4

Place a small pile of sweetcorn at the bottom of the island. This will be the 'gold' on the pirate map to show where the treasure is buried!

6

Place two red pepper slices in an 'X' shape on top of the sweetcorn.
